

IOQ group seminar with the working groups NLO, QE, XRO, LPT, RLP, APIX and ALP

Summer term 2019

Every Wednesday, 9 am in the conference room of the IOQ

Contact: Philipp Wustelt / Jessica Hopfe philipp.wustelt@uni-jena.de; jessica.hopfe@uni-jena.de

Date	Room	Speaker	Group	Topic
10.4.2019	Conference room	Richard Hollinger	QE	<i>Coherent phonon dynamics traced by high harmonic generation in ZnO</i>
17.04.2019	Conference room	Jan Reislöhner	ALP	<i>Generation and characterization of ultrashort deep ultraviolet pulses</i>
24.04.2019	Conference room	Esther Menz	APIX	<i>Scintillator-based Ion Detectors for CRYRING@ESR</i>
08.05.2019	-	-	-	-
15.05.2019	Conference room	Max Mäusezahl	RLP	<i>Optical probing of pre-plasma dynamics for laser ion acceleration</i>
22.05.2019	Conference room	Dominik Hoff	NLO	<i>CEP shifts in electron rescattering at Noble gases and Metal Nanotips</i>
29.05.2019	Conference room	Abel Hailu Woldegeorgis	NLO	<i>Spatio-temporal characterization of multiple, distinct THz - emission processes during laser-solid interaction</i>
05.06.2019	Conference room	Ingo Uschmann	XRO	<i>X-ray imaging of heavy ion beam interaction with metal targets.</i>
12.06.2019	Conference room	Stefan Ringleb	APIX	<i>HILITE - Commissioning results and planned experiments at FLASH - beamtime 2019/2020</i>
19.06.2019	Conference room	Martin Wünsche	NLO	<i>XUV Coherence Tomography and Interferometry</i>
26.06.2019	Conference room	Jürgen Reiter	RLP	<i>Development of High Energy Laser Systems Based on Thulium doped Materials</i>
03.07.2019	Seminar room	Frederik Tuitje	QE	<i>Towards ghost microscopy</i>
10.07.2019	Conference room	Yu Zhao	RLP	<i>MIR-Probing</i>
